

DESKTOP AND CLOUD SOLUTIONS FOR TITLE PROFESSIONALS

SMS TitleExpress™ fully integrates title and settlement processes. Information flows seamlessly through order entry; HUD-1, Closing Disclosure or Settlement Statement preparation; check writing; escrow account reconciliation; and management reporting. It is available as a desktop installation or a cloud-based solution. With TitleExpress Cloud Solution®, all applications and content are accessible from any Internet connection and updates are automatic, so you can stay up-to-date on all of your devices.

Software Solutions for Your Business Needs

Your company is unique—your software should be too. SMS TitleExpress offers a range of solutions customized to suit your specialized business needs, all developed and supported by industry experts. Choose from our four flexible solutions: Settlement, Production, Professional, and Enterprise. We've provided a comparison chart on the reverse side to help you evaluate your needs.

Compatible Product Options

- **iOrderExpress™** - Secure, web-based transaction management system that provides your clients 24/7 access to TitleExpress® orders with the ability to share documents and important updates.
- **ScanExpress™** - Scan documents directly into TitleExpress orders.

- **ReportExpress™** - Create virtually any report from your TitleExpress database and manage your business with optimal efficiency.

Easy to Install

To ensure a smooth implementation process, we install and test your solution prior to training. We configure all tax tables and underwriter premium calculations according to your specifications during implementation. Adding a company logo to documents and additional customizations are also completed during installation.

Training & Support

Technical support calls are answered by technical and title industry experts. Live assistance is also available online via email and support chat.

Get the latest SMS TitleExpress tips and tricks at our complimentary training webinars. These comprehensive sessions are conducted live by our software consultants and are offered several times each month to both large and small groups. Our team also provides personalized training for your office with live online sessions and onsite training appointments. We tailor these sessions for how **you** do business.
