

System Requirements – March 2024

TitleExpress supported platforms will follow Microsoft End of Life cadence for support. Additionally, please ensure all server / workstation components are properly updated with the manufactures current service packs.

Systems	Supported Versions	Comments
Server OS	Windows Server 2022 Standard & Datacenter Windows Server 2019 Standard & Datacenter Windows Server 2016 Standard & Datacenter	Windows Server 2012 is no longer supported.
Desktop OS	Windows 11 Professional / Enterprise Windows 10 Professional / Enterprise	Installer requires 10GB free space
Word Processor	Microsoft Office Professional Plus 2021 Microsoft Office 365 Apps for Enterprise/Business which includes desktop version of Word 2016/2019 Microsoft Office 2019 Standard / Professional Microsoft Office 2016 Standard / Professional	Web versions of Word or other MS Office suites are not supported.
Server Database	MS SQL 2022 w/ Mgmt. Console (<i>TitleExpress v9.12 and later only</i>) MS SQL 2019 w/ Mgmt. Console MS SQL 2017 w/ Mgmt. Console MS SQL 2016 w/ Mgmt. Console MS SQL 2014 w/ Mgmt. Console	NOTE: MS SQL Express is recommended if total user count is 10 or below. NOTE: SQL 2014 End of Life is July 9, 2024.
Microsoft Components	Microsoft .Net Framework 4.7.2	
Communication and System Rights	A business grade Internet connection is required at each site for remote Customer Support assistance. End users should have modify rights for editing the document storage. Wireless, VPN, and PPP are not supported communication protocols.	
TitleExpress	We are committed to delivering high-quality software updates for your TitleExpress software. For optimal functionality, we support the previous two versions of the application.	TitleExpress v9.10 and earlier are not supported.
Cloud Workspace	To connect, use a supported Web Browser and have Citrix Receiver installed	Google Chrome, Microsoft Edge, and Mozilla Firefox are supported Web Browsers.
TLS Compatibility	TitleExpress is TLS 1.1-1.3 compatible. If TLS 1.0 has been disabled on your network, SQL Native Client 11 (SQLNCLI11), SQL Native Client 12 (SQLNCLI12), or Microsoft OLE DB Driver for SQL Server (MSOLEDBSQL) must be installed on all workstations. For additional information view Working in TitleExpress with TLS 1.0 Disabled	

Individual systems and business needs may cause system requirements to vary. The specific equipment, size and complexity of an operation can greatly alter the specifications and minimum requirements as noted. Any questions or concerns regarding the minimum installation requirements for the TitleExpress system should be directed to TESupport@smscorp.com or at 800.767.7831.
